

ENVIRONMENTAL POLICY

Banner is committed to the following sustainability and environmental protection principles:

- Our products are manufactured conserving resources as much as possible, employing renewable energies and with a very high degree of recycling.
- Our focus is on the economical use of energy, water and raw materials throughout the life cycle of our products.
- Our processes are subject to ongoing comprehensive monitoring and are continuously optimised.
- We are committed to continuous improvement, minimisation and avoidance of process-related environmental impacts.
- Our work processes are regularly checked for optimisation in terms of sustainability and improved.
- We are committed to upholding and maintaining our responsibility towards customers, employees, residents, consumers and the environment.
- We are committed to ongoing compliance with applicable relevant laws, obligations and regulations.
- Our internal rules of conduct must be observed by all employees at all times and lay the foundation for fair, reliable, open and respectful cooperation.
- We continuously strengthen our employees' professional and personal development, with sustainability and the responsibility of each individual playing an important role. We provide up-to-date and transparent information about activities that influence society and the environment.
